MEMORANDUM FOR: Chairman, CSPB Support Committee

SUBJECT: WH Division Operational Program, FY 1956 and 1957

1. Subject program states no requirements for training support. However, it does reflect additional manpower requirements for FY 1956 over and above the on-duty strength as of 1 March FY 1955.
2. It is conceivable that the additional manpower required to support the projects may need specialized and advanced training in addition to basic training. It is also possible that requirements may exist for training courses not now offered by the Office of Training particularly in FP subjects.
3. In view of the foregoing, the Office of Training desires early consultation with WH Division in order to ascertain whether or not specialized training requirements do exist and to determine the extent to which the Office of Training has the capability of meeting them.
